Dear Parents/Guardians:

Orange Grove Elementary will be hosting its annual Career Week during the week of March 27th - 31st. The purpose of Career Week is to expose students to a variety of careers in order to jumpstart their thinking about the future. By preparing early, students will be more likely to be college and career ready after high school graduation. During Career Week we will also have a virtual career fair during morning announcements. The videos for the virtual career fair have been provided by our Gifted and Talented student program. Each morning students will learn about various careers and jobs to help explore different career options for their own future.
